Welcome to the Indiana Green Expo 2024

The Indiana Green Expo is Indiana’s largest and most comprehensive green industry educational conference and trade show serving Indiana and the Midwest.

The 2024 Indiana Green Expo (IGE) is presented by the Indiana Nursery & Landscape Association and the Midwest Regional Turf Foundation. Unlike some for-profit trade shows, all proceeds from the IGE are used directly to better our industry through research, educational programming, and other supporting functions.

Since the IGE is managed by green industry professionals for green industry professionals, you’ll find targeted, industry-specific products, information, education, and networking that you can use immediately in your profession.

This year Purdue University and the Green Industry have worked together to bring you the best line up yet! Our educational programming has something for all facets of the green industry. The trade show features vendors with new products and show specials to make it worth your while. Take your time to visit as many as possible!

We thank you for joining us this year and look forward to seeing you again in 2025!

Indiana Green Expo

WEDNESDAY, JANUARY 17, 2024

WEDNESDAY'S HIGHLIGHTS

REGISTRATION HOURS: 8:00 AM – 5:00 pm

EDUCATION: Workshops A – G

EXHIBITOR SET UP: 10:00 am – 5:00 pm

JOIN THE CONVERSATION: #IGE24 

WORKSHOP A / Room 145

CPR, AED, and Basic First Aid Training for the Adult and Child

Dennis Smith, Quick Response CPR, LLC

9:00 am – 12:00 pm

This workshop will cover CPR, AED, and basic First Aid training for the adult and child. This real-life scenarios presented will be directly applicable to the green industry. This will be complete with a hands-on skills evaluation to become certified at the end of the class.

WORKSHOP B / Room 144

Concrete Paver Installer Certification

Donny Duke, Arbor Gold Software

9:00 am – 5:00 pm

For contractors involved in the residential and commercial installation of interlocking concrete pavements, the Interlocking Concrete Pavement Institute (ICPI) Concrete Paver Installer Certification is THE industry recognized program for the professionals committed to industry guidelines for segmental concrete pavement installation. The course equips individuals currently employed in the concrete paver installer industry with training and tools to properly install interlocking concrete paving systems. In addition, participants have the opportunity to pursue certification at the end of the workshop, as well as potential industry recognition in the future.

The ICPI workshop includes continental breakfast, lunch, and refreshments

Indiana Green Expo

Wednesday, January 17, 2024

WORKSHOP C / Room 143

Green Industry Math: Making the Complicated Seem Simple

Aaron Patton & Brandon McNally, Purdue University

9:00 am – 12:00 pm • CCH = 2:1.0, 3a:3.0, 3b:3.0, 5:1.0, 6:1.0, RT:3.0

Practical math calculations are essential for any manager for planning, purchasing, and applying anything to turf. Though few of us like math, these instructors make it educational as well as enjoyable! This workshop covers area calculations, fertilizer, and pesticide calculations, calibration, and purchasing decisions. Attendees will receive a comprehensive packet with how-to instructions regarding the content covered and more.

WORKSHOP D / Room 142

Landscape Management for Entry-Level Industry Professionals

Kyle Daniel, Purdue University

9:00 am – 12:00 pm • CCH = 2:1.0, 3a:3.0, 3b:1.0, RT:3.0

This workshop, which is designed as an introductory course for landscape management basics, will include topics such as proper planting, pruning, fertility, weed control, mulching, how plants grow, and more. This course will cover many topics that entry-level employees (and those that need a refresher) will need to know for the 2024 season.

WORKSHOP E / Room 145

Improve Organizational Performance and Strengthen Your Team

Susan Peterson, Purdue University

1:00 – 4:00 pm

Have you ever wondered why employees show up late to work? Why your team members can't seem to agree on priorities or follow directions? Why your communication isn't getting through to your staff? Gain easy-to-apply skills for understanding human behavior. Improve and enhance work relationships, motivate staff, build a stronger team, and increase organizational performance. Learn how to recognize your strengths, the strengths of others, build rapport quickly, understand how others process information, modify your communication to connect with others, and draw on strengths to accomplish goals.

Wednesday, January 17, 2024

WORKSHOP F / Room 143

Indiana Accredited Horticulturist (IAH) Review and Exam

George Brenn, Four Seasons Landscape Nursery

1:00 – 5:00 pm

- 1:00 – 3:00 pm: IAH Review (additional fee)
- 3:00 – 5:00 pm: IAH Exam

As an educator and experienced IAH facilitator, George will aid you in preparing for the afternoon exam. There will be ample time for questions and individual attention. The review is also a great refresher for those already certified – earn IAH CEUs by attending.

Contact the INLA (800-443-7336) for program materials which are an additional fee.

WORKSHOP G / Room 142

The Short and Tall of Disease Diagnosis: From Ground Level to the Tree Tops

Lee Miller & John Bonkowski, Purdue University

January 17: 1:00 – 4:00 pm • CCH = 3a:3.0, 3b:3.0, RT:3.0

Diagnosis of turfgrass, ornamental and tree problems are difficult endeavors that involve not only assessment of the host-pathogen relationship but may often also require some detective work with the client. This workshop will detail the sample submissions to the Purdue Plant & Pest Diagnostic Lab over the last few years for both the shortest and tallest of plants, to uncover similarities and trends that can help you diagnose abiotic disorders and plant diseases in the landscape.

TURF PROGRAM ENHANCEMENT

THE FUTURE OF THE TURF PROGRAM

The Purdue Turf Program in partnership with the Midwest Regional Turf Foundation has a vision to build new and innovative facilities to prepare the next generation of leaders in the turf industry. This effort will allow us to continue to attract the best faculty and students, enhance our research, teaching, and extension efforts, and improve workplace safety.

A new dual-use endowment called the "**Midwest Regional Turf Foundation Enhancement Endowment**" was created in December 2022 to house gifts and ultimately, support a building expansion initiative. The endowment may be liquidated and used for construction and renovation costs once the fundraising goal is met and the project is approved. The Midwest Regional Turf Foundation made a generous 5-year (2023-27) pledge to provide a total of \$500,000 to advance the Purdue Turf Program.

Help us Take the Next Giant Leap

Please consider coming alongside the MRTF and help support the Purdue Turf Program with a pledge of your own. All size gifts matter and will help fund this important effort. Scan this QR code to give.

THURSDAY, JANUARY 18, 2024

THURSDAY'S HIGHLIGHTS

REGISTRATION HOURS: 7:00 am - 5:00 pm

OPENING SESSION OPTIONS

TURF • Rooms 136-137

8:00 – 8:25 am • **Welcome and Purdue Turf Program Update**

Aaron Patton, Purdue University

8:30 – 9:30 am • **Greater Than Gold**

David Boudia, Purdue University, Olympic Champion

David Boudia

Schedule at-a-glance

Friday Afternoon	LAWN CARE	GOLF		TREE CARE	DESIGN	INSTALLATION MAINTENANCE	PLANT MATERIAL	BUSINESS/ MARKETING
Room#	136-137	134-135		145	142	138-139	140-141	143
1:00-1:30 pm	Tales From the Lab: Disease Diagnosis from the Home Lawn			Proper Pruning Practices	Save money! Reduce Labor Hours! Designing with Indiana Natives	Boxwood Apocalypse	Conifers for the Midwest	How to Deal with the Unknown Landscape of Sales!
1:30-2:00 pm		Don't Let Annual Bluegrass Weevil Become the Bogyman			Designer to Designer: A Panel Discussion on Current Opportunities and Challenges in the Design Industry	Managing Difficult to Control Weeds in the Landscape	Deer Resistant Plants Panel Discussion	Considerations When Growing Your Business Staff
2:00-2:30 pm	What is the Best Fertilizer for Cool-Season Lawns?	How Managing Phosphorus in Your Putting Greens Influences Poa annua		Tree Preservation During Construction				
2:30-3:00 pm		Poa annua Resistance						
3:00-3:30 pm	Turfgrass Insecticides - Insights from Nearly 20 Years of White Grub Management Trials	Divot Pattern Recovery						
3:30-4:00 pm		Detecting Plant Pathogens						
		Reduction of Dollar Spot						
						GENERAL SESSION Rooms 140-141	Managing Deer Damage to Landscaping	Learning to Give Effective Feedback (Praise and Correction)

FRIDAY EDUCATION

The Terra-Spray was designed with safety. One of the main issues with zero turn or differential steering systems is hill side stability. Terra-Spray incorporates an all-wheel drive, all wheel steer system to offer application companies unrivaled stability and safety for its applicators. No longer do applicators have to worry about weight and balance when attempting hilly terrain or retention ponds. Added benefits include operating in wet or saturated turf areas and also eliminating turf tear during turns compared to zero turn machines. Additional features include a patent pending electronic pattern adjust that eliminates traditional diffusers by moving the entire hopper motor and impeller to the left or right. This also eliminates a trim flap and allows the applicator to trim in either direction. Preprogrammed positions can be saved to allow applicators ease of operation. The hopper gate is also electronically controlled from a button on the joystick to simplify operation. All this results in a cable free machine. Additionally, a foot pedal connected to the transmission offers hands free operation for spot spraying. Also, these features result in a highly productive, safety first, application machine.

Friday, January 19, 2024

Trade Show Hours: 9:00 am – 1:00 pm

GOLF / Rooms 134-135

8:00 – 8:30 am **Weed Control in Natural Areas**
Aaron Patton, Purdue University
 CCH = 3a:0.5, 3b:0.5, 6:0.5, RT:1.0

8:30 - 9:00 am **Planting Native Prairie in No-Play Zones on Golf Courses**
Ryan Beard, Purdue University
 CCH = 3a:0.5, 3b:0.5, 6:0.5, RT:1.0

9:00 – 9:55 am **Bunker Construction and Maintenance Trends**
Adam Moeller, Moeller Consulting

9:55 – 10:05 am **Mike Dunk MRTF Chip-IN Program Update**
Aaron Patton, Purdue University
Devin Moyers, Kenney Machinery

10:05 – 11:00 am **What Do You Get When the Fungicide Gets Wet?**
Lee Miller, Purdue University
 CCH = 3b:1.0, RT:1.0

11:00 - 12:00 pm **5 Ways to Screw Up the Best Golf Economy Ever**
Pat Jones, Flagstick LLC

12:00 - 1:30 pm **Lunch Break**

1:30 - 2:30 pm **Don't Let Annual Bluegrass Weevil Become the Boogeyman**
Doug Richmond, Purdue University
 CCH = 3b:1.0, RT:1.0

2:30 - 3:00 pm **How Managing Phosphorous in Your Putting Greens Influences *Poa annua*?**
Brandon McNally, Purdue University
 CCH = 3b:0.5, RT:0.5

3:00 - 3:15 pm **Are Indiana *Poa annua* Populations Resistant to Herbicides?**
Vera Vukovic, Purdue University
 CCH = 3b:0.25, 6:0.25, RT:0.25

3:15 - 3:30 pm **How Does Golfer Divot Pattern Actually Impact Driving Range Tee Recovery**
Naba Amgain, Purdue University
 CCH = 3b:0.25, RT:0.25

3:30 - 3:45 pm **Exploring New Ways of Detecting Plant Pathogens in the Environment**
Mariah Cashbaugh, Purdue University
 CCH = 3b:0.25, RT:0.25

3:45 - 4:00 pm **Reduction of Dollar Spot by Interseeding Resistant Bentgrass Cultivars**
Justice Ruwona, Purdue University
 CCH = 3b:0.25, RT:0.25

Friday, January 19, 2024

Trade Show Hours: 9:00 am – 1:00 pm

SPORTS TURF / Room 145

8:00 – 9:00 am	Fraise Mowing for Overseeding Establishment and Removal <i>Matt Carpenter, Purdue University</i> CCH = 3b:1.0, RT:1.0
9:00 – 10:00 am	Sporting Kansas City: More Than a Stadium <i>Clayton Dame, Sporting KC</i>
10:00 – 11:00 am	Bermudagrass Cultivar and Management Update <i>Cale Bigelow, Purdue University</i> 3b:1.0, RT:1.0
11:00 – 12:00 pm	Infield Skins: Real Life Issues with Real Life Solutions <i>Blake Marschand, Marschand's Athletic Field Service, Joey Stevenson, Indianapolis Indians</i>

Friday's schedule continues on page 25.

THANK YOU SPEAKERS

The Indiana Green Expo would not be possible without the contributions of our dedicated speakers who give their time to provide exceptional educational programming, and the vendors who believe in developing relationships and supporting the sponsoring associations. We thank each and every one of you!

EDUCATIONAL CREDITS

(For all educational programs)

All programs are eligible for Indiana Accredited Horticulturist (IAH) and Landscape Industry Certified (CLT-E) continuing education units (CEUs). In addition to attending classes, **attendees receive 7 IAH CEU's by attending the 2024 Indiana Green Expo.**

Other continuing education units requested from this program include:

- American Society of Landscape Architects (ASLA)
- Golf Course Superintendents Association of America (GCSAA)
- Interlocking Concrete Pavement Institute (ICPI)
- International Society of Arboriculture (ISA)
- Master Gardener Continuing Education Credits (CECs) are available on request.
- National Concrete Masonry Association (NCMA)

CCHs Approved from the Office of Indiana State Chemist							
Sessions Attended	2	3a	3b	5	6	7A	RT
All Lawn Care Sessions*	2	3	10	2	3	2	4

* CCH totals include attendance at the Landscape Opening Session from 8:30-9:30 am on Thursday, January 18

CCH/CEU INFORMATION

(For all educational programs)

Continuing Education Requirements for a variety of certification programs are as follows and are based on one hour:

- Indiana Accredited Horticulturist – 7 hours per two year period for recertification. *Reference www.inla1.org (see next page for form)*
- Landscape Industry Certified – 24 per two year period for recertification. *Reference www.landscapeprofessionals.org*
- American Society of Landscape Architects – 24 per two year period for recertification. *Reference www.asla.org*
- Pesticide/Fertilizer License – five year period for license renewal.
Reference <https://oisc.purdue.edu/>
 - Category 2 – 10
 - Category 3A – 15
 - Category 3B – 20
 - Category 5 – 15
 - Category 6 – 15
 - Category 7a – 20
 - Category RT – 8
- International Society of Arboriculture – three year period for recertification. *Reference www.isa-arbor.com - SEE PAGE 34*
- International Concrete Paver Institute – two year period for recertification. *Reference www.icpi.org*
 - Certified Installers – 8
- Private Applicator Recertification (PARP) will be offered in the production session.

NOTE: Please reference your individual continuing education criteria to assure Indiana Green Expo programs apply.

CEU FULFILLMENT TRACKING FORM

Indiana Accredited Horticulturist Program

(7 hours of continuing education required over a two-year period, must be accompanied by a recertification fee—\$25 for INLA members and \$45 for non-members.)

IAH CEUs can be earned by attending any of the educational sessions, excluding INLA Annual Meeting. One (1) hour of education equals one (1) CEU (continuing education unit).

INEF SILENT AUCTION

Dear IGE Attendee,

This year's donations from exhibitor's help fund the Indiana Nursery Scholarship Fund (INEF). INEF annually offers a scholarship to be awarded to a full-time student enrolling at Purdue University or Vincennes University in landscape horticulture.

The scholarship recipient will receive 50% of their scholarship with the first installment at the beginning of their first semester. The final 50% of their scholarship installment will be awarded to the recipient at the beginning of their third semester provided they are still enrolled in landscape horticulture field at Purdue University or Vincennes University and have achieved a "C" grade average.

Scholarship Winners for 2023 are:

Colby Pugh - Rochester, IN - \$14,000.00

Grace McCarty - Greenwood, IN - \$5,000.00

Donation:

North Montgomery High School - Crawfordsville, IN \$4,000.00

Again, many exhibitors will donate an item or their booth contents to the INEF Silent Auction in an effort to generate proceeds for the scholarship fund. Auction bid tickets will be available on Thursday January 18, 2024 at the INEF booth # 701 on the trade show floor. The bid tickets offers anyone wishing to bid on auction items from vendors inside the hall.

The INLA Annual Reception will be at the Indiana Convention Center, Rooms 138-139 on January 18, 2024 from 5:00 – 7:00 pm (ish). The 2023 INEF scholarship winner will be recognized at the reception and will receive plaques for their scholastic achievements.

Thank you for supporting this worthy cause!

Sincerely,

Brian Franco, Franco Landscaping & INEF President

INEF RAFFLE

2024 Donated Materials

There will be a raffle for the donated materials below. Purchase tickets at INEF booth #701. Raffle tickets are \$20 each or 6 for \$100 and are open for all to purchase. A raffle drawing will take place at the INLA Annual Reception on Thursday, January 18 at Indiana Convention Center, Rooms 138-139 from 5:00 – 7:00 pm.

All proceeds benefit the Indiana Nursery Endowment Fund (INEF) for future scholarship winners.

All material can be viewed January 18, 2024 on the Trade Show Floor.

Thank you for attending the 2024 Indiana Green Expo.

The Indiana Green Expo (IGE) is presented by the **Indiana Nursery and Landscape Association** and the **Midwest Regional Turf Foundation**.

Unlike some for-profit trade shows, all proceeds from the IGE are used directly to better our industry through research, educational programming, and other supporting functions. Since the IGE is managed by green industry professionals for green industry professionals, you’ll find targeted, industry-specific products, information, education, and networking that you can use immediately in your profession.
